Facility Management 4.0

Demand & Predictive Maintenance & Safety

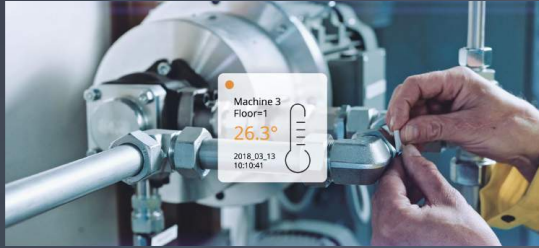

Water Distribution Maintenance - Compliance

ALARM: slow temp change

ALARM: no temp change

Focus on customer satisfaction

// We work closely with Disruptive Technologies to develop and implement solutions that provide **measurable return** for our customers. // 

// We believe in raising our services to **the next level** with our [Disruptive Technologies] partnership, based on fast-evolving service cycles. // 

// The awesome and ingenious people from Disruptive Technologies AS **will disrupt entire industries**, making realtime data from countless sources available in e.g. MindSphere! // 

Optimizing every industry
